Bothoven’s Message

Bothoven left a note for the Maestro that tells him where the sheet music is. To decode this note, unscramble the letters in the boxes. Then write the correct word on the line.

Dear Maestro,

I’ve been trying to __________________________ just

where I put the sheet ______________ . It seems to me

that I last saw it inside the ______________ __________

Look in there. If it’s not there, then it must be

inside the ______________ _________

Good luck!

Bothoven

Botley Says:

Ha! Total fun! Write a friend a note like the one on this page but erase a few words and scramble the letters. Now your friend has to unscramble the note to figure out your message.
